# Arya Sheth

AI Generalist bridging product, ops, and automation, building intelligent automations and AI-assisted solutions across CRM, fintech, and insurance.
Portfolio Website

## EDUCATIONAL QUALIFICATIONS

| Year | Degree/Board | Institute | CGPA/% |
|---|---|---|---|
| 2025-Present | PGP in Applied Marketing | Altera Institute, Gurugram | Pursuing |
| 2023 | B. Tech-Computer Engineering | LJ University, Ahmedabad | 9.24/10 |
| 2019 | GSEB (XII) | AES-AG Higher Secondary School, Ahmedabad | 61.07% |
| 2017 | GSEB (X) | AES-AG Higher Secondary School, Ahmedabad | 76.50% |

## WORK EXPERIENCE

**Customer Success Associate, Rapidops Inc.,** *Ahmedabad* *(Aug'23-Feb'24)*

- Reduced **average ticket resolution time** by **25%,** building structured **Zendesk workflows** while resolving 10,000+ support queries with 4.2+ CSAT
- Drove $280,000+ annual revenue for a 500+ user account by streamlining automation pipelines to **reduce manual touchpoints**, improve reporting
- Engineered **1,000+ automations** using **Zapier** and **Integrately**, designing multi-step CRM and backend logic flows to streamline processes
- Reduced **repeat ticket rate by 5%** by integrating Zendesk, DocuSign, QuickBooks workflows and analysing 10,000+ support interactions

## PRODUCT & AI PROJECTS

**Plum Insurance | Product Management | Live Project** *(Jan'26-Present)*

- Built automated **CD reconciliation** for 200+ enterprise accounts using **Python and n8n workflow** orchestration to analyse insurer statements
- Protected ₹10 Cr annual revenue by designing a scalable reconciliation pipeline and **collaborating cross-functionally** to automate policy validation
- Improved **discrepancy detection** accuracy, **projecting 60–70%** manual effort reduction by designing rule-based logic and building an **AI dashboard**

**Finshell Pay | Product Management | Live Project** *(Nov'25-Jan'26)*

- Designed a video-learning **Figma MVP**, post-analysing **90+ interviews** to identify behavioural patterns, usage triggers, and friction points
- Projected **50-60% DAU growth** and **5% cvr uplift** by mapping customer journey and redesigning onboarding flow, documented using **Notion AI**
- Projected **30–40%** increase in session time by designing a trust-building feature using **combined multi-LLM research** and **user insight synthesis**

**Instagram Competitor Intelligence System | AI Solutions Architect| Multi-Agent AI** *(Jan'26-Mar'26)*

- Automated Instagram competitor intelligence across 10+ brands per run by designing a **4-agent AI pipeline** orchestrated using **Claude Code/Skills**
- Collected **300+ Instagram data points** per analysis by developing a **Playwright agent** that scraped profiles, posts, reels, and engagement metrics
- Generated **8+** automated marketing benchmarks by building analytics pipelines, analysing posting intervals, hooks, and engagement average

**D2C RTO Reduction| AI Solutions Architect | Product Artefact** *(Feb'26-Mar'26)*

- Designed an RTO reduction tool targeting 500+ D2C brands **losing 30-40% COD orders** to address critical margin erosion across India
- Uncovered delivery and impulse cancellation pain points through 20+ user interviews and **Claude-assisted research synthesis** with D2C shoppers
- Crafted **MVP feature set,** including WhatsApp pre-confirmation, and one-tap cancellation using RICE prioritisation and prototyped with **Vercel AI**
- Projected **12–18%** RTO reduction by building **an AI risk-scoring verification workflow** using **Claude Skills** and **n8n**, with defined guardrail metrics

**AI Expense Tracker | AI Solutions Architect |Full Stack Development** *(Dec'25-Jan'26)*

- Built an **AI-powered expense dashboard** auto-categorising bank transactions across 5+ categories using **Claude code,** eliminating manual tracking
- Reduced manual expense analysis **80%** by designing rule-based transaction parsing and automated categorisation logic across bank transactions

## INTERNSHIPS

**Customer Success Associate, Rapidops Inc.,** *Ahmedabad* *(Feb'23-Jul'23)*

- **Improved NPS by 10%** and strengthened retention by resolving **3,000+ queries** through workflows and conducting pre- and post-sales calls
- **Simplified client operations** and drove sales impact by **building automations** and addressing client queries to **streamline routine processes**

***TatvaSoft,*** *Ahmedabad* *(Jun'22-Jul'22)*

- **Delivered a full-stack Book Store website** by implementing **10+ APIs** and managing **200+ data records** using .NET, PostgreSQL, and ReactJS
- Deployed **3 production-ready** features for **50+ users** by executing the full software lifecycle and integrating **20+ book listings** seamlessly

## POSITIONS OF RESPONSIBILITY

- **Club Coordinator**, Meraki - The Cultural Club, overseeing execution, stakeholder management of **10+** cultural initiatives for **140** students *(2025)*
- **Co-Founder-** Monthly Feel Good, supported **150+** less privileged individuals by coordinating **25+ volunteers** to organise community drives *(2024)*
- **Founder-**Prayas,delivered 13 events for **30+ children** by leading a team of 25+ volunteers, improving fundamentals in Science and English *(2022)*
- **Marketing Team Member,** secured **₹100,000+ in sponsorship value** by getting key event sponsorships from Endeavour and Black Poison *(2022)*

## ACHIEVEMENTS

| | | |
|---|---|---|
| **Academics** | • **1st rank** in core subject- Mastering Modern Sales at Altera Institute, among 135 students | *2025* |
| | • **2nd place, GreenOx Case Competition**, developed a **growth strategy** to revive sales, competing among **35** teams | *2025* |
| | • **3rd place, Community Marketing** Case Competition **(WebEngage);** developed end-to-end event strategy | *2025* |
| | • **3rd place, Customer Experience** Case Competition adjudged by the leader at **NITI Aayog,** among **30+ teams** | *2025* |
| | • Ranked in the top **5% among 10,000+** Computer Engineering students at Gujarat University throughout my B.Tech | *2025* |
